

B-3A

SURFACE-MOUNTED MAGNETIC CONTACT (METAL HOUSING, SCREENED WIRING)

Magnetic contacts are basic elements of a perimeter protection system. Medium-size **B-3A** tight magnetic contacts in a metal housing are designed for surface mounting. The metal screen protects the wiring against damage, which makes these contacts a perfect solution for locations particularly vulnerable to sabotage attempts or mechanical exposure. They can only be mounted by screwing them to a surface.

- surface mounted (screw mount)
- rugged, metal sealed body
- armored cable

TECHNICAL DATA

Operating temperature range	-10...+55 °C
Weight	82 g
Maximum humidity	93±3%
Make distance	37 mm
Break distance	44 mm
Dimensions magnet enclosure	50 x 9,8 x 17 mm
Environmental class according to EN50130-5	II
Reed switch enclosure dimensions	50 x 9,8 x 17 mm
